SGYC 2018 ANNUAL MEMBERSHIP MEETING HOSTED BY THE 2018 BOARD OF DIRECTORS

COMMODORE CINDY BROZ ALLEN AND VICE COMMODORE ERLENE PACE

CINDY BROZ ALLEN, COMMODORE

Ahoy SeaGate Yacht Club members and friends, as my year of being your Commodore is coming to a close, I want to thank you all for your participation in our Yacht Club, especially the 2018 SeaGate Yacht Club Board Members, an amazing and dedicated volunteer group who keep SGYC afloat. I also want to thank the 2018 Event Hosts, they put on memorable and enjoyable events this year. At the upcoming Commodore's Ball, 2018 Board Members and Event Hosts will be recognized for their efforts. The Ball will be held on Saturday, November 10th at the Old Ranch Country Club, starting at 5 PM with passed appetizers, followed by a delicious dinner with choice of Pan Roasted Salmon, Grilled New York Steak or Vegetarian Mushroom Ravioli with salad, dessert and wine served at the table. After the dinner, the Installation Ceremony will take place followed by the band Dead Men Rockin' getting the dancers groovin'.

We still have two other events before the end of the year. Rear Commodore Francis Okino and crew are working hard to create a fantastic boat entry for the Huntington Harbour Boat Parade using the boat FIN-TASTIC. Many thanks to Robin and Jean Clark. And on December 31st, Vice Commodore Erlene and Port Captain Michael Pace will be hosting a Pajama Party, complete with a live Band, for New Year's Eve.

What a way to end a wonderful year as your Commodore!

ERLENE PACE, VICE COMMODORE

Well it's almost Black Friday, then Christmas! Opps, let's back up to Sept. & the "Avalon Cruise", hosted by me & Port Captain Michael Pace. The weather was perfect, we had a total of 33 members/guests & 6 boats. Thursday kicked off with a complimentary boat ride on the Cyclone to Two Harbors. Everyone brought a delicious appetizer for Friday's Happy Hour. Then, the competition was on to paint the best wooden surfboard keychain. Since Michael Pace is the Kahuna of the bunch, he had the task of judging, which wasn't easy as there were some talented designers. Saturday's Happy Hour included catered Mexican food from Mi Casitas. Fun was had by all playing Loteria (Mexican bingo), with lots of winners, prizes were beautiful jewelry donated by Nora Tucey & Avalon visors & T-shirts from Ship's Store. Next was the "Annual Meeting", hosted by me & hubby again. Great minds turned out with new events for next year. The detailed Power Point presentation was prepared by Ray Nagele. Pizza & salad was delivered by "A Slice of New York". Last but not least, "Movie Memories" hosted by Bob & Joanne McCormick. Very impressive decorations & slide show. Thanks to all who came in costumes to make it even more fun. Also, thanks to the back stage members preparing the food, which was the best movie food I've ever had.

Now it's time to get fancy for the "Commodore's Ball", see you all then.

FRANCIS OKINO, REAR COMMODORE

This year's Huntington Harbour Boat Parade will be on December 8th and 9th. The theme for the boat decoration is "Space Odyssey". Seagate Yacht Club usually decorates and enters a boat in the parade. Jean and Robin Clark have graciously offered their boat, the FIN-TASTIC, for this event. We held meetings regarding the boat decoration on September 30 and October 21 to decide on the components necessary for the decoration. We have now obtained most of the bits and pieces we need for the decoration and we are ready to begin the actual decoration work. The people who attended the meetings have volunteered for certain tasks in the decoration process and they will be informed accordingly.

If you are interested and want to help with the decoration, please contact me at 714-625-2513.

Q: I was lifting some weights and have noticed painful bruising and lump in my arm. The swelling makes me look

Popeye the Sailor arms aka Popeye Syndrome.

What is it?

A: The biceps muscle extends from the shoulder to the elbow. It helps to flex the forearm and supinate it from palm down to palm up (like holding up a cup of soup). It has 2 heads that attach at the shoulder: the long head and the short head. When one of these tendons tears, there is still most functionality and strength preserved without surgery. However ...
